PROJECTS

Drone Image Processing using AI.

2025

- We have found a drone in this Project with extra sensors at lower cost. We are collecting dataset of farmlands and processing it using CNN to extract information out of it.
- **Resnet 50, Resnet 18, VGG 16, VGG 19, Shuffelnet.**
- We achieve a **96.99** percentage of accuracy from the **VGG 19** model in our research

Resume website

2025

- A website that I build in my free time which explains everything about me my hobbies and my resume along with my socials and my future ambitions are clearly mentioned over it.

PROFESSIONAL EXPERIENCE

Medicolabs – Intern

(June 2024)

- Summer Training in Engineering
- Handled IT sector and provided support to the supply chain.

HYDAC India Pvt. Ltd. – Intern

(June 2023)

- Study on Industrial Automation and Robotics.
- Implemented robotic operations and learned robot functioning.
- Studied various ways to operate robots and their system functionalities.

OTHER WORK EXPERIENCE

I had a keen interest in music so I had performed in multiple occasions and was a member of my college's official music club mesmeronica.

CERTIFICATIONS

- **AI for Everyone**
- **Fundamentals of Network Communication**
- **R Programming**
